

Art Secondary Photography Network 2024-25

Join us as we work together to share and challenge Key Stage 3 and 4 photography. The network is an opportunity to consider and appreciate standards and practices to support delivery and success in this subject and the GCSE, and act as a forum for the subject area.

At the meetings we will:

- Share practice with the delivery of photography in our schools.
- Challenge the offer, processes, techniques, delivery, and quality of work created.
- Review practice with an exam board representative.
- Understand and appreciate how to improve pupils' potential and achievement.
- Share some practical tips and deliver demonstrations.
