

Photography and Photoshop

This course is aimed at teachers wanting to explore possibilities with Photography and Photoshop software. The skills might be used to supplement art at KS3 & 4 and/or to specifically use with any art GCSE endorsement especially Photography GCSE.

The professional development will enable you to:

- create a photographic montage combining photography and Photoshop skills
- examine creative uses of new technologies in art
- understand photographers and approaches
- develop your camera control, photographic techniques and digital manipulation
- have an appreciation of different genres of photography and different starting points for projects
- prepare creative projects
- develop pathways for photography
- understand the Photography GCSE specification

Date/time: 10 July 2019
Location: Southampton
Cost: Sub £290 SLA £135 Full £349
